VIII. Other

- A. Paying Board Members: This was a topic from the fundraising conference and may help with accountability of all board members. Discussion about covering board member's player registration fees. Everyone present agreed without a board, everything wouldn't happen and our focus is "all for the kids". We need more volunteers and will look into having this be a registration question where we can follow up with those who indicate they would volunteer to help. We could then organize small committees with a board member or two on each one with volunteers.

- B. Practice fields: Mike will have a plan by next week

- C. May Board Meeting: What is our long term goal?

IX. Open Forum

X. Adjournment
